

Hi

Welcome to the April edition of YOUR dive club's newsletter.

## Club news

Congratulations to all those divers who have completed their open water, advanced, specialty training rescue and Dive Master certifications over the last few months.

To remind you all, club meetings are held on the last Monday of every month. This month's meeting is on the **30 April** from 6pm onwards here at Global Dive. Come along for a few beers, a BBQ and a good social vibe.

As usual we will have a guest speaker talking about interesting dive activities and or marine life, and a few new products that you can get your grubby mitts on for a play. Other than that, just time for a general catch up and chat with other club members. Look forward to seeing you all there.

Just remember guys, this is YOUR club. If you have ideas about places you would like to dive or things you would like to do as a club just let us know.

## Upcoming dive trips

The latest club trip schedule is up on the website (yes, it has been updated!). See <http://www.globaldive.net/trips.html> for all the details.

Make sure you check out the awesome [Tonga](#) and [Vanuatu](#) trips that Janet has put together.

## Caving weekend

After the huge success of the trip last year, we are going to run another caving weekend, and are planning this to run on the 23 and 24th June. For full details see [http://www.globaldive.net/assets/caving\\_weekend.pdf](http://www.globaldive.net/assets/caving_weekend.pdf), and to book on just let us know.

## Photo competition

We've had lots of people ask us about underwater photography lately, so to encourage you guys to get out and get us some great shots we're going to run a bi-monthly competition for the best dive photo.

All submitted photos will make their way on to our website and we'll get the dive club to vote on their choice of the best photo every second club meeting. The great guys at Aquanaut have given us a few prizes that we can give away too, so it's not just for the glory of having your pics on our website.

Send your photos to [info@globaldive.net](mailto:info@globaldive.net) and be in to win!

## Dive gear clearance sale

And finally, you should have got an email with details of the huge savings on gear we currently have in store, and the "pre-loved" gear that we are also clearing. So come in and get yourself a bargain! If you would like to make an appointment to chat with one of us about your diving and gear requirements just

let us know when is convenient for you.

To unsubscribe from our mailing list just let us know. Reply to this email and you'll not hear from us again ;-)
